

GEM

e4 - 4 seat urban electric car

The e4 is one of the most spacious battery-electric cars available, capable of comfortably seating 4 adult passengers. The open, curved styling provides a spacious interior and the high-level driving position and oversized windscreen gives the driver excellent all-round visibility.

4 seat urban electric car

The **GEM e4** has an astonishing 78 cubic feet of passenger cabin space and the optional rear-mounted Trunkback® or Stakeback® give class leading luggage and load space.

The e4 is the **ideal transport solution** for families or businesses looking to reduce their carbon footprint. It makes light work of moving people around any business or urban environment and creates a curious crowd wherever it goes making it ideal for use as a promotional vehicle.

GEM batteries are recharged via a mains power lead which plugs directly into the vehicle and any standard 230V socket. Each full charge will power the vehicle for 30 miles*
