From its superior maneuverability to its versatility, the **GEM eL** quietly functions in almost any work environment, including indoors, as it emits no exhaust emissions.

The open, curved cabin provides a spacious interior and the high-level driving position and oversized windscreen gives the driver excellent all-round visibility.

With a maximum payload of 455 KG and a 1780mm x 1220mm flat bed it's **ideal for carrying bulky and heavy loads**. The open, curved cabin provides a spacious interior and the high-level driving position and oversized windscreen gives the driver excellent all-round visibility.

The eL has a top speed of up to 30mph and a roaming range of up to 30 miles per charge, which is ideal for most on-site and urban use. Up to 100% corporation tax write-off in year one. Many optional extras are available including a rear mounted enclosed cargo box.

## Move larger loads with a lighter footprint
