hours

With a maximum payload of 630 KG and a 2 cubic metres cargo box option the **GEM eLXD** makes light work of bulky and heavy loads. The open, curved cabin provides a spacious interior and the high-level driving position and an oversized windscreen gives the driver excellent all-round visibility.

The eLXD can be used **on-road, off-road, inside buildings, or anywhere the job takes you**. Standard features include an upgraded 7.0 hp motor, nine 8-volt maintenance-free gel batteries which give a roaming range of up to 50 miles on a single charge. The eLXD is a great workhorse - **move your heavy loads with a light conscience!**

The eLXD is recharged via a mains power lead which plugs directly into the vehicle and any standard 230V socket.

Up to 100% corporation tax write-off in year one.
