

2011 Prius

Prius Four shown in Blizzard Pearl with available Solar Roof Package^{1,2}

Prius Four interior shown in Bisque leather with available Navigation Package^{3,4}

The 2011 Prius offers something for everyone. An EPA-estimated combined 50 mpg rating⁵ for those who'd like to spend less on gas. A proven third-generation Hybrid Synergy Drive[®] system for those who want reliability. And those who love technology will enjoy available features like the Advanced Parking Guidance System (APGS)^{6,7} and Dynamic Radar Cruise Control (DRCC)^{6,8} with available Pre-Collision System (PCS)⁹. The 2011 Toyota Prius. **Moving Forward.**

TOP STANDARD AND AVAILABLE FEATURES¹⁰

Standard Touch Tracer Display Available voice-activated navigation with XM NavTraffic^{®3,4} Available Solar Roof^{1,2} Standard automatic climate control Available Smart Key System¹¹

1. Available on Prius Three and Four only. **2.** See footnote 7 in Disclaimers section. **3.** Not available on Prius Two. **4.** See footnote 12 in Disclaimers section. **5.** See footnote 5 in Disclaimers section. **6.** Available on Prius Five only. **7.** See footnote 28 in Disclaimers section. **8.** See footnote 16 in Disclaimers section. **9.** See footnote 27 in Disclaimers section. **10.** Features listed not available on all model grades. **11.** See footnote 18 in Disclaimers section.

Specifications

MECHANICAL AND PERFORMANCE

PRIUS

GASOLINE ENGINE

Type	1.8-Liter Aluminum DOHC 16-Valve Variable Valve Timing with intelligence (VVT-i), 98 hp @ 5200 rpm (73 kW @ 5200 rpm), 105 lb.-ft. @ 4000 rpm (142 N•m @ 4000 rpm)
Bore x stroke	3.17 in. x 3.48 in.
Compression ratio	13.0:1
Induction system	Sequential multi-point EFI with Electronic Throttle Control System with intelligence (ETCS-i)
Ignition system	Electronic, with Toyota Direct Ignition (TDI)
Emission rating	Advanced Technology Partial Zero Emission Vehicle (AT-PZEV) ¹

ELECTRIC MOTOR

Motor type	Permanent magnet AC synchronous motor
Power output	80 hp (60 kW)
Torque	153 lb.-ft. (207 N•m)
Voltage	650V maximum

TRACTION BATTERY

Type	Sealed Nickel-Metal Hydride (Ni-MH) ²
Power output	36 hp (27 kW)
Voltage	201.6V
Hybrid System Net Power	134 hp (100 kW)
Transmission	Electronically Controlled continuously Variable Transmission (ECVT)
EV ³ /Eco/Power modes	Standard
Body construction	Unitized body
Front suspension	Independent MacPherson strut with stabilizer bar
Rear suspension	Torsion beam
Steering	Electric Power Steering (EPS); power-assisted rack-and-pinion
Turning circle diameter, curb to curb (ft.)	34.2 (15-in. wheel); 36.0 (17-in. wheel)
Brakes	Power-assisted ventilated front disc brakes, solid rear disc with Anti-lock Brake System (ABS) and integrated regenerative braking
Coefficient of drag (Cd)	0.25

EXTERIOR DIMENSIONS (in.)

Overall height/width/length	58.7/68.7/175.6
Wheelbase	106.3
Track (front/rear)	60.0/59.8 (15-in. wheel); 59.6/59.4 (17-in. wheel)
Minimum running ground clearance	5.5

INTERIOR DIMENSIONS (front/rear) (in.)

Head room	38.6/37.6
Shoulder room	54.9/53.1
Hip room	52.7/51.2
Leg room	42.5/36.0

WEIGHTS AND CAPACITIES

Curb weight (lb.)	3042
Seating capacity	5
Passenger volume (cu. ft.)	93.7
Cargo volume ⁴ (cu. ft.)	21.6
Fuel tank (gal.)	11.9

TIRES

Size	
P195/65R15	Standard
P215/45R17	Available
Type	All-season steel-belted radial
Spare — Temporary	Standard

MILEAGE ESTIMATES (mpg city/highway/combined)⁵

51/48/50

See numbered footnotes in Disclaimers section.

Features⁶

EXTERIOR	PRIUS	TWO	THREE	FOUR	FIVE		PRIUS	TWO	THREE	FOUR	FIVE
Projector-beam halogen headlamps with auto-off feature	S	S	S	-		17-in. 5-spoke alloy wheels with P215/45R17 tires	-	-	-	S

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable *Warranty and Maintenance Guide* for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

TOYOTA FINANCIAL SERVICES

Toyota Rewards Visa[®]

Toyota helps you get more out of every dollar you spend. By rewarding you for every purchase you make, the Toyota Rewards Visa[®] adds even more value to doing the things you love.

Turn everything you buy into points to redeem toward parts, accessories or an eligible vehicle purchase or lease at your Toyota dealer. Earn 5 points for every \$1 spent at participating Toyota dealers and 1 point for every \$1 spent everywhere else Visa is accepted.*

Visit www.toyotarewardsvisa.com for complete details.

Toyota Financial Services (TFS)[†] is a leading provider of automotive financial services, offering an extensive line of financing plans along with a variety of vehicle and payment protection products to Toyota customers and dealers in the U.S. For more information on TFS products and services, visit www.toyotafinancial.com

*On approved credit. You must have a valid permanent home address in the 50 United States or the District of Columbia. Terms, conditions and restrictions apply and are fully described in the Toyota Rewards Visa Cardmember Agreement and the Toyota Rewards Program Terms and Conditions received with your card. Points earned are based on net purchases. Points-earning maximums apply and points will expire as described in the Rewards Terms and Conditions. Redemption only available at participating Toyota dealerships in the continental U.S. and Alaska. Points cannot be redeemed for cash. Please contact your participating Toyota dealer for information regarding restrictions your dealer may impose on the use of credit cards related to vehicle purchases or leases. The creditor and issuer of the Toyota Rewards Visa is Toyota Financial Savings Bank. Toyota Financial Services is a service mark used by Toyota Financial Savings Bank.

[†]Toyota Financial Services is a service mark for Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc.

TOYOTA CARE

ToyotaCare

Covers normal factory scheduled service. Plan is 2 years or 25K miles, whichever comes first. The new Toyota vehicle cannot be part of a rental or commercial fleet, or a livery or taxi vehicle. See plan for complete coverage details. See participating Toyota dealer for details.

DISCLAIMERS

1. AT-PZEV rated by the California Air Resources Board. Meets Tier-2/Bin-3 Federal emissions standard. For more information please visit www.arb.ca.gov 2. Hybrid vehicle battery expected life is 150,000 miles based on laboratory bench testing. 3. CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in electric-only mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off or approaching them, so take extra care while driving. 4. Cargo and load capacity limited by weight and distribution. 5. 2011 EPA-estimated mileage. Actual mileage will vary. 6. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. 7. The Solar Powered Ventilation System uses an electric fan to draw outside air into, through, and out of the cabin once the exterior temperature reaches above 68 degrees Fahrenheit. It will lower the cabin temperature to near the outside ambient temperature to help make the cabin more comfortable when reentering the vehicle. It must be turned on prior to leaving the vehicle and cannot perform cooling such as with an air conditioner. 8. Maximum operation duration of this system is three minutes. System may not operate if the hybrid battery is under load and/or if the battery charge is low. See your *Owner's Manual* for further information. 9. XM services require a subscription after 90-day trial period. Subscriptions governed by XM Customer Agreement available at xmradio.com. **If you decide to continue your XM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-800-967-2346 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 10. Plasmacluster™ is a trademark of Sharp Electronics, Inc. 11. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. Other trademarks and trade names are those of their respective owners. The Bluetooth® wireless technology phones listed on toyota.com have been tested for compatibility with Toyota vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Toyota. 12. Availability and accuracy of the information provided by the navigation system or any XM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic navigation updates available at additional cost. See your *Navigation System Owner's Manual* or contact XM for details. 13. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 14. May not be compatible with all MP3/WMA players and like models. 15. iPod® is a registered trademark of Apple, Inc. All rights reserved. 16. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. 17. Lane Keep Assist is designed to read the lane markers of certain roads and apply slight torque to the steering wheel to help keep the car in the center of the lane. If the vehicle approaches the outer limits of its lane, the Lane Departure Warning feature sounds a warning tone and applies slight torque to the steering wheel to notify the driver that corrective action may be required. These features are not a collision-avoidance system and are not a substitute for safe and attentive driving. System effectiveness depends on many factors. See your *Owner's Manual* for further information. 18. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 19. HomeLink® is a registered trademark of Johnson Controls, Inc. 20. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 21. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. 22. Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. 23. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your *Owner's Manual* for further information/warnings. 24. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 25. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your *Owner's Manual* for details. 26. Available on select 2011 Toyota models. Contact with the Safety Connect® response center is dependent upon the telematics device being in operative condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency service support. Enrollment and Telematics Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Safety Connect®-equipped vehicles. Additional subscription terms available; charges vary by subscription term selected. 27. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. See your *Owner's Manual* for further information. 28. Advanced Parking Guidance System requires driver brake control. Always look around outside the vehicle and use mirrors to confirm clearance. 29. Hill Start Assist Control (HAC) is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 30. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or Smart Key fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or Smart Key fob, it can be costly to replace. If you lose a key or Smart Key fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org 31. Packages cannot be combined. 32. Available on Prius Five only. 33. Some accessories may not be available in all regions of the country. 34. Performance of BLU Logic® compatible phones will vary based on phone software version, coverage and your wireless carrier. See www.blulogicupdate.com for more details. 35. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with retention hooks/clips. Do not install a floor mat on top of an existing floor mat. 36. Interface kit for iPod® not available if vehicle is equipped with XM® Radio services. 37. Available for vehicles with factory security. 38. For more information about the 2010 Top 10 Green Cars from Kelley Blue Book's kbb.com, visit www.kbb.com/green. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.

For Toyota Mobility program details, go to www.toyota.com/mobility or call the Toyota Customer Assistance Center at 1-800-331-4331
